Please carefully read and then sign the agreement overleaf before returning this entire document to Terrene Life™ for your personal assessment. Please ask if anything in the terms and conditions are not clear.

Signing of this document does **not**, on its own, constitute formal agreement and you are therefore under no obligation whatsoever until such time as clause 6(n) below is affected.

Terms and Conditions

In signing this document I state that:

1. I agree that the terms, 'Terrene' and 'Terrene Life' both refer to and mean the same as Terrene Life™ (Pty) Ltd. Weightloss and Wellness.
2. Should I purchase the Terrene Life RTF weight loss protocol in terms of this agreement, this purchase entitles me to 6 weeks on Phase 2 of the protocol, plus, at the discretion of Terrene Life and subject to my compliance with all terms and conditions, an additional 2 bonus weeks on Phase 2. Any additional weeks on Phase 2 will be extensions that are purchased at an additional cost to myself.
3. All information provided by me is accurate and complete and that no information has been omitted which relates or could relate in any way to my weight, history or health and/or which could in any way potentially prejudice my health while on the RTF weight loss protocol.
4. I hereby agree to the routine basic analysis of my urine sample and other basic testing, as may be required by Terrene Life from time to time, and understand that this does not in any way infer or imply that this can or will be used as a diagnostic tool by either myself or Terrene Life, but that any such tests are utilized purely as a guideline as a part of the overall Terrene Life monitoring process.
5. While Terrene Life commits to exercise all reasonable due diligence and caution related to my health and wellbeing during the Terrene Life protocol, as this relates to the protocol, I accept that responsibility for my health at all times rests entirely with me.
6. I understand, acknowledge and accept that:
 - a. Terrene Life offers this protocol in good faith and in the belief that I have taken all reasonably required actions, including, where applicable, having consulted with my medical professional or health care provider prior to my signing of this document and commencing with the Terrene Life protocol.
 - b. Nothing in this protocol or contained in any documentation, information, guidance or advice made available by Terrene Life is intended to diagnose, treat, cure, or prevent any disease.
 - c. Individuals with a known medical condition should consult a physician before embarking on any weight loss programme and the onus to do so rests entirely with me.
 - d. I am responsible for consulting diligently with my medical professional in the event of any changes in my health, adjustments to my prescribed medications and all related regimens for the duration of the Terrene Life protocol.
 - e. Should I commence this protocol as a client of Terrene Life, I hereby undertake to follow all directions and adhere to the protocol strictly and in accordance with the guidance provided by Terrene Life, and further undertake to comply with all reporting requirements, as outlined in my Terrene Life weight loss journal, for the purpose of monitoring my progress and as a conditional prerequisite for all support and services offered by Terrene Life™ (Pty) Ltd. Weightloss and Wellness.
 - f. The success of this protocol relies largely on my own commitment and adherence to the protocol and there therefore can be no guarantee given by Terrene Life with regard to exact degree or speed of weight loss.
 - g. The weekly and daily reporting requirements have been explained to me and I fully commit to complying with those. Should I fail to comply I am severely limiting the ability of Terrene Life™ (Pty) Ltd. Weightloss and Wellness to assist and support me, which is very likely to have a negative impact on my ability to achieve maximum weight loss and other benefits, as well as my ability to maintain and manage my weight in the future.
 - h. Should I fail to comply with the reporting requirements or persistently deviate or cheat on the protocol, Terrene Life™ (Pty) Ltd. Weightloss and Wellness reserves the right to refuse further service after my initial 6 weeks on phase 2, including the right to refuse the 2 bonus weeks.
 - i. My weekly appointment will be set for a specific, pre-agreed time slot and remain the same each week. Should I fail to attend or cancel more than once, this time slot will be made available to other clients.
 - j. Any weekly appointment that I cancel or fail to attend will still count toward the calculation of my weeks on the protocol, except where this is due to a previously agreed interruption of the protocol.
 - k. My ability to maintain my weight in future is dependent upon my own management of my weight and following the Terrene Life guidelines and advice provided during consultations.
 - l. Should I at any time from Phase 1 through Phase 4 cease making use of the Terrene Life support, including but not limited to the reporting requirements, it is most likely that I will fail to achieve desired results and I accept full responsibility for such failure.
 - m. It has been fully explained to me that even the slightest cheat/deviation whilst on the protocol will most likely result in no weight loss or a weight gain, for which I accept full responsibility. I will notify Terrene Life in my daily reporting of any deviation so that every attempt can be made to assist me in minimizing the negative effects and to ensure that the monitoring of my progress accurately reflects the process followed.
 - n. The signing of this document will be taken to constitute agreement by the parties only at such time as I have paid the required protocol fee to Terrene Life, either in part or in full, or I have taken receipt of my programme kit, whichever is the earlier date.
 - o. Due to the way in which the protocol works, the full programme, up to and including Phase 4, needs to be completed in order to achieve the benefits. Should I at any time decide to not complete the full programme, the physiological processes will not have been completed and I will most likely regain any weight lost, plus possibly gain additional weight.
 - p. The undertaking of the prescribed diet in the absence of the protocol formula provided by Terrene Life™ (Pty) Ltd. Weightloss and Wellness would be detrimental to my health and I have hereby been warned against following the diet or allowing anyone else to follow the diet with my assistance or knowledge, in the absence of the Terrene Life formula provided.
 - q. Once payment has been made by me, no refund will be given should I for any reason not complete the full programme, or for any other reason whatsoever.

- r. Should I at any time stop using the support, stop attending consultations or decide to do the protocol on my own, I will be deemed to have waived all my rights to any further support, assistance or provision of materials from or by Terrene Life™ (Pty) Ltd. Weightloss and Wellness.
- s. Should I opt not to pay the full course fee upfront, I am fully liable for all remaining fees regardless of whether or not I complete the full programme and will be additionally responsible for any and all costs incurred by Terrene Life™ (Pty) Ltd. Weightloss and Wellness in relation to collection of outstanding amounts should I not pay outstanding fees by the agreed date.
- t. The address given by myself in this document is to be taken as my domicillium citandi et executandi.
- u. In the event that any legal action should arise between myself and Terrene Life™ (Pty) Ltd. Weightloss and Wellness, as a consequence of this agreement, I agree to the jurisdiction of the Durban magistrate court.
- v. For the purposes of this agreement, Terrene Life™ (Pty) Ltd. Weightloss and Wellness chooses as its' domicillium citandi et executandi 15 Conyngham Avenue, Durban North, KwaZulu Natal, South Africa.
- w. A copy of this agreement is included at the back of my Terrene Life Personal Journal for my reference. In the event of any differences or amendments that may result in a discrepancy between the terms in my Journal and the terms contained in this document, the terms contained in this document, signed by me, will take precedence.
